MISSOURI

Official Highway Map
2005-2006

For free distribution by the Missouri Department of Transportation

Missouri can take you in many directions.

Our highway map will guide you through sunny prairies and deep green forests to the rolling Ozark Mountains. Missouri is composed of bustling cities, vibrant towns and close-knit villages. We have strong regional identities that make Missouri one of the most diverse and distinct states in the nation.

But no matter what part of Missouri you roam, whether you are a lifelong resident or a first-time visitor, our neighbors will welcome you with a warm smile, a friendly handshake and a hearty hello. And if you ask, they will also be quick to tell you their favorite state park, shopping district, concert hall, historical site or sports park.

As you travel, you will notice orange signs and barrels along the highways as we work to make our roads smoother and safer. Please pay close attention in work zones. It could save a life.

We hope you enjoy Missouri for years to come. Please buckle up and travel safely.

Lewis and Clark Historical Markers
Watch for this sign to show you the route of the Lewis and Clark National Historic Trail from St. Louis to the Pacific Ocean. Generally, the trail follows state highways on both north and south sides of the Missouri River. The North Trail begins in West Alton, Mo., and the South Trail begins near the Jefferson National Expansion Memorial (the Arch) in downtown St. Louis.
